From the President's Desk ..... ♦

In Bangalore and elsewhere in the country, stray dogs attacking and mauling children is on the rise and the civic authorities are forgetting their responsibilities and continue to project that the NGO's and Animal Welfare Groups (AWG's) are responsible for such happenings. Currently there is a case pending in the Hon'ble High court of Karnataka. It has become a necessity that AWG's have to chalk out a programme for both the well-being of stray dogs and the general public.

As in the previous years, the man animal (wildlife) conflict is continuing. It is very disconcerting that the forest and revenue authorities have not taken the issue seriously and the suffering of both (man-animal) is reported every now and then. Similarly the ritual sacrifice of animals is taking place unchecked and sometimes supported by politicians, police and revenue authorities. The Animal Welfare Board of India and NGO's have to view this seriously and have to work out a programme to educate the general public and politicians to put an end to this barbaric practice.

From over a decade the animal birth control (ABC) programme is being conducted in many of the Metros, including Bangalore. A comprehensive study to know the effectiveness of the programme and also to bring amendments to the existing rules wherever required has to be enacted. It is a general feeling that the present ABC rules needs updating based upon field experience.

Modernising of facilities available at animal welfare shelters, to meet the present day requirements, needs to be taken up. Veterinarians who are kind at heart and more humane will help to improve the working conditions. The shelter managements need to spruce up their animal shelters.

It is very sad that our present day youngsters are not available for voluntary services for animal welfare work. The youth, by and large are busy with their present day competitive education and any such involvement in extracurricular activities tells upon their competition. As a result the non-availability of the busy youth for voluntary services. This is a serious situation, as there is no replacement stock to the seniors currently involved and if the situation continuous there will be a vacuum.

Modernisation of abattoirs has been placed on the back burner as the policy of the government is not clear and the cruel killing goes on even in this modern age, when the entire world is following the most modern stunning at the slaughter houses. For want of a political will, we still continue to slaughter food animals in a brutal way at our slaughter houses.

Finally we at KARUNA profusely thank all the Members, Volunteers, Staff Members, KVAFSU, BBMP and other Animal Welfare Groups for their interest in the well being of animals.

**CRUELTY CASES:**

1. **Over loading on animals.**

On receipt of number of complaints regarding over loading on animals and bullock cart in districts of Mysore, Chamarajanagar, Mandya, Karuna requested the concerned police authorities, Animal Husbandry and Deputy Commissioner of concerned districts to take action against the offenders as per the Prevention of Cruelty to Animal Act 1960 & Prevention of Cruelty to Draught and pack animal rules 1965. The authorities responded to our request and issued circular in their districts and instructed the concerned officers to take action as per the law. We have also requested the authorities to conduct a work shop for the law implementing authorities of their districts to sensitize them on the issue.

2. **Ritual sacrifice**

On receipt of complaint regarding proposed ritual sacrifice of animals at Grama devata festival at Sunaga village, KARUNA approached the district authorities to take action in this regard. The authorities conducted a meeting at Sunaga village involving Grama devatha mahotsava committee officers and general public and educated them not to do the ritual sacrifice and warned action will be taken if such incidence occurred.

3. **Cruelty to pet animals**

KARUNA doctors attended the complaint regarding ill treatment meted out to pet animals as and when reported. The doctors educated the pet owners to take better care and to provide better facilities for their animals.

4. **Calves rescued**

Shivajinagar Police rescued 6 male calves, 7 cows, and 1 buffaloe which were transporting for illegal slaughter. The rescued animals were rehabilitated / sheltered at KARUNA Animal Shelter for necessary medical care and attention.

SDM IMD Students.
Sri. Kosuru Bangara Raju was born some sixty seven summers ago in an agricultural family to devout parents Smt. Venkatalakshmamma and Sri. Ramakrishna Raju in the neighbouring Chitoor district of Andhra Pradesh. With early primary and secondary education in Tiruttani, Tamil Nadu, graduated in Science from Vellore. His love for animals is but natural for having been exposed to bountiful nature during his formative years.

With a penchant for hospitality, this humble person came to Bangalore and took to the hospitality industry in 1977. He has climbed up the ladder of success and has carved niche for himself in the hearts of all those who have come into contact with him at the then Kanishka Hotel, Alampur Bar and Restaurant and latest Nesara Restaurant, located in the green environs of the Indian Institute of Science campus.

His business acumen has resulted in M/s Ashwini Hotels and with his philanthropic mindset, he is socially active and is a contributing member of Tirumala Tirupati Devasthanams (TTD) and the International Society for Krishna Consciousness (ISKCON) and is also a Freemason. With interests in the hospitality industry he is an active member at the local, district, state and national level hotels and restaurants associations and many other prestigious institutions.

His love of animals has resulted in his feeding of sheltered dogs from time to time and has adopted many a stray dog which flourishes in his agricultural holdings. He is an active member of KARUNA and Mysore kennel Club, Bangalore and involves himself with its humane education and fund raising activities.

He is supported in his animal welfare activities by his wife, Smt. Geetha and children Sri. Ashok Raju and Smt. Ashwini Raju.

KARUNA Animal Welfare Association of Karnataka, Bangalore, in appreciation of his contributions to animal welfare and the well-being of all of nature's creations wishes Sri. K. Bangara Raju well in all his endeavours and proudly felicitates him on this occasion.
Bangalore is home to many entrepreneurs and is also home to a lady entrepreneur and animal lover and that, is our guest for the day Smt. Shandrila Mahendra, born to illustrious parents, the late Smt. Manoranjeetham Naidu and Sri S.J. Naidu. The love for animals was an innate quality acquired from her parents. She had her scholastic education at St. Charles School and graduated in business management from the prestigious St. Joseph’s College, Bangalore.

A very keen sportsperson and also with a passion for horse riding, for it makes sense being an ardent animal lover. A born leader, she lead Karnataka in Republic Day Parade in 1973 portraying Kittur Rani Chennamma to the appreciation of all concerned. She not only loves animals but also in terms of their power in motors, for she actively participated in motor racing events in her hey days.

Being a professional entrepreneur, she is the Founder Secretary of Association of Women Entrepreneurs of Karnataka, (AWAKE). And in 1983 the Rotary Club acclaimed her as "the Most Outstanding Entrepreneur in Karnataka." She donned the mantle of an entrepreneur after her graduation, in running a cosmetic industry under the name and style of M/s Shandrila Cosmetics, manufacturing face and talcum powders under the brand name "Shandrila" founded in 1968, which she inherited from her father and which runs successfully to date.

An animal lover at heart she bred pedigreed champion Cocker spaniels. The family being ardent animal lovers, her daughter Yamuna and husband Sri Mahendra have adopted many a stray dog and have given them a home and giving them quality time have made them a part of their lives.

Their goal is to start a shelter for stray dogs and animals in Bangalore with support from some of their old associates and shelter operators in Sri Lanka, where common interests would be achieved. Her message to the youth of today is to adopt a stray dog, be responsible owners and be kind to animals.

KARUNA Animal Welfare Association of Karnataka, Bangalore, in appreciation of her contributions to animal welfare and the well-being of all of nature's creations wishes Smt. Shandrila Mahendra well in all her endeavours and proudly felicitates her on this occasion.
